MY GENIUS FORCE FIELD

The Genius Force Field (white area) shows how my 9 Genius Forces unfold.

- Where the white force field opens wide to the outside, I can develop with great self-determination. Here, I can have a strong impact on my environment and on others.
- Where the white force field expands less outwardly, other people can get close to me, influence me and I can perceive their impact on me.
- The orange-colored lines show which aspects are connected and how they function together.

2

MY SPECIFIC TALENTS AND SKILLS

Each individual has talents and skills that have an impact on every work process. The better I use these talents the more satisfying my work is.

SPECIALIZED ACTION-ORIENTATION

I like to bring in my creative power to productive processes and can tackle things vigorously. However it is important that a task is in line with my talents and skills and that I can realize my full potential in a satisfying manner. I appreciate cooperating with those who I can enthuse with my projects.

INFLUENCE BY OVERVIEW

I like to observe the world from a bird's eye view in order to achieve an objective overview. From this position I develop my individual skills in the course of my life and can thus become an influential role model for others.

ANALYTICAL MIND

My analytical mind allows me to get to the bottom of things. A safe path into the future needs to be based on logical formulas and the ongoing verification of hypotheses in order to eliminate all doubt.

POWER OF ATTRACTION

I enjoy being in tune with nature and my surroundings. When in the flow of life, I exercise a strong attraction on others. In teams I know how to regulate the team setting and the flow.

RECOGNIZING GROWTH OPPORTUNITIES

I have a talent for identifying opportunities and for patiently advancing cyclical growth. I am aware that sowing, cultivating and harvesting form a healthy cycle for developments. Because, at the same time, each successful ending is the new beginning of another cycle.

REFLECTION OF EXPERIENCES

My reflective mind enables me to identify the meaning and significance of past experiences. By reflecting on memories new and meaningful ideas can mature, that can bring clarity to society and thereby advance social development.

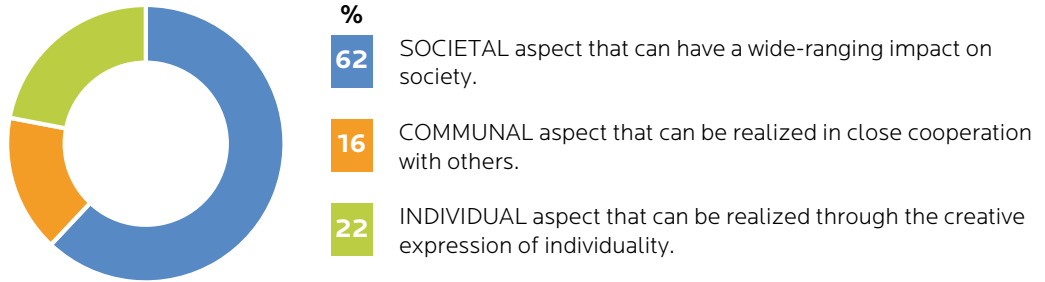

AUTONOMOUS ACTIVITY

My creativity unfolds in almost tireless activity. I love to autonomously devote myself to my tasks and have an impact with the results achieved. When active, I may appear to be very busy and hardly available to others.
