MY GENIUS FORCE FIELD

The Genius Force Field (white area) shows how my 9 Genius Forces unfold.

- Where the white force field opens wide to the outside, I can develop with great self-determination. Here, I can have a strong impact on my environment and on others.
- Where the white force field expands less outwardly, other people can get close to me, influence me and I can perceive their impact on me.
- The orange-colored lines show which aspects are connected and how they function together.

2

MY SPECIFIC TALENTS AND SKILLS

Each individual has talents and skills that have an impact on every work process. The better I use these talents the more satisfying my work is.

SPECIALIZED ACTION-ORIENTATION

I like to bring in my creative power to productive processes and can tackle things vigorously. However it is important that a task is in line with my talents and skills and that I can realize my full potential in a satisfying manner. I appreciate cooperating with those who I can enthuse with my projects.

INFLUENCE BY OVERVIEW

I like to observe the world from a bird's eye view in order to achieve an objective overview. From this position I develop my individual skills in the course of my life and can thus become an influential role model for others.

LEADERSHIP ABILITY

I can express pioneering strategies influentially. That is why I am often assigned a leadership role, which I like to fulfill and shape. In team processes it is easy for me to bring in my contributions and be heard.

PERSUASIVE POWER

I can develop my strength with great persuasive power. I pursue my individual path and can hardly be dissuaded from doing so. As a consequence, I am selective and demanding in terms of my work and how I do it.

INCLUSION OF EXPERIENCES

I have the ability to process experiences very well and identify their significance for future planning. I am a good listener and therefore also learn a lot. Thanks to my excellent memory I am a good resource for others. With this ability I can bring important contributions to team work.

EXPERTISE THROUGH PRACTICE

I love to achieve perfection in areas I am interested in. In doing so, I can invest a lot of energy when training my skills through practice and repetition. True mastery, after all, needs talent, depth, and identification.

REGULATION OF PRINCIPLES

I have the ability to regulate interpersonal relationships with sensitivity. In so doing, I do not only respect other people's needs but also the principles of a community. Fairness, emotional balance and practical feasibility are important to me.

AUTONOMOUS ACTIVITY

My creativity unfolds in almost tireless activity. I love to autonomously devote myself to my tasks and have an impact with the results achieved. When active, I may appear to be very busy and hardly available to others.

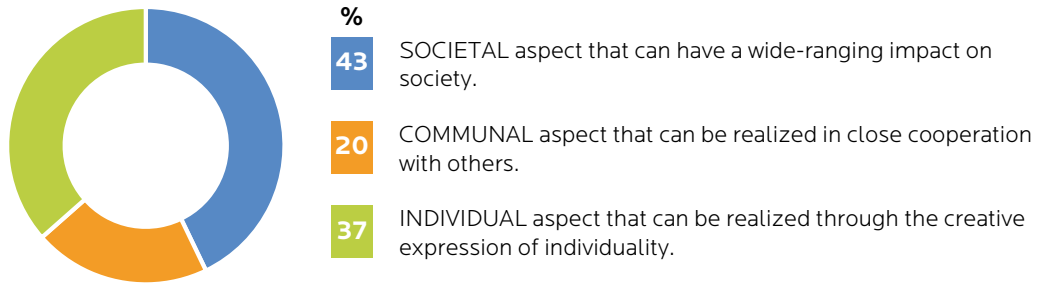

PRESENCE & AUTHENTICITY

I attach great importance to being authentic. I don't want to disguise, as I love to be "myself". For the sake of my individuality I don't easily adapt my behavior. I live in the "here and now" as life always takes place only now.

REALIZATION - TEAM ROLE - IMPACT

3.1 HOW I CAN FULFILL MYSELF

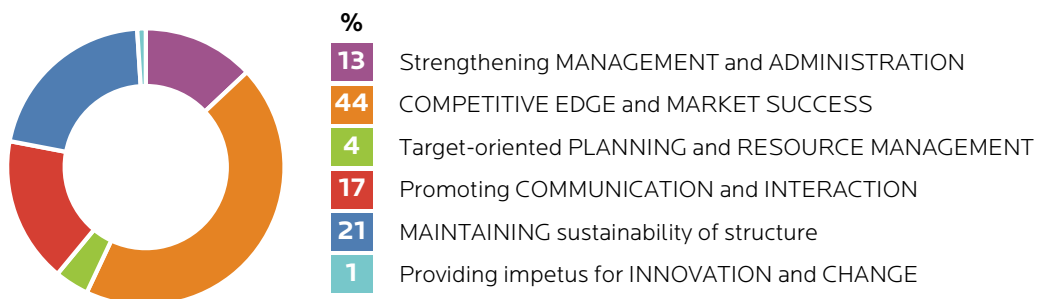

3.2 MY PREFERRED TEAM ROLE

"TEAM LEADER", present, activating, implementation-oriented

In team work I maintain a presence, eager to advance the process energetically. I can thus tend to become impatient or take on very much work myself. Usually, my share in the team's results is considerable.

3.3 MY POWERBASE* (which organizational forces I support)

*) The Powerbase describes an individual's influence on an organization only through his or her presence. The Powerbase aspects don't reveal personal qualities or skills but shows the involuntary impact of an individual on an organization or on the organizational forces in an organization.
